Currently I am a student at Ecole des Ponts ParisTech engineering school, where I study Mathematics and Computer Science. I have a passion for web development and I would like to enhance my knowledges in Data Science, software development and design.

Education

- Sep. 2017 – Present: Ecole des Ponts ParisTech
- Sept. 2015 – Jun. 2017: Lycée du Parc, Mathematics & Physics

Experiences

- Feb. 2018 – Present: Information system manager, Ponts Etudes Projets Association
As a member of the Junior Business of Ecole des Ponts ParisTech, I am in charge of proposing digital solutions to companies and recruiting students to build them
- Jul. 2018 – Aug. 2018: Web Developer, Prepaya
I designed an intranet to make it easy for Prepaya to share internal documents
- Jun. 2018 – Jul. 2018: Intern, Evian
As an intern, I learned how to fix air compressors in the water bottle factory

Technical Skills

- Languages: Python, Javascript, Go, C++, PHP, HTML5, CSS3
- Softwares: Nodejs, Docker, Git, Excel, Gimp
- Frameworks: Django2, Symfony4, Wordpress, Bootstrap3, Jekyll, Gulp

Languages

- French
- English
- Spanish

Interests

Piano, guitar, trumpet, hiking, skiing, basketball
